

1.1 Construct a DFA to accept Binary strings having odd no of 1's and any number of 0's

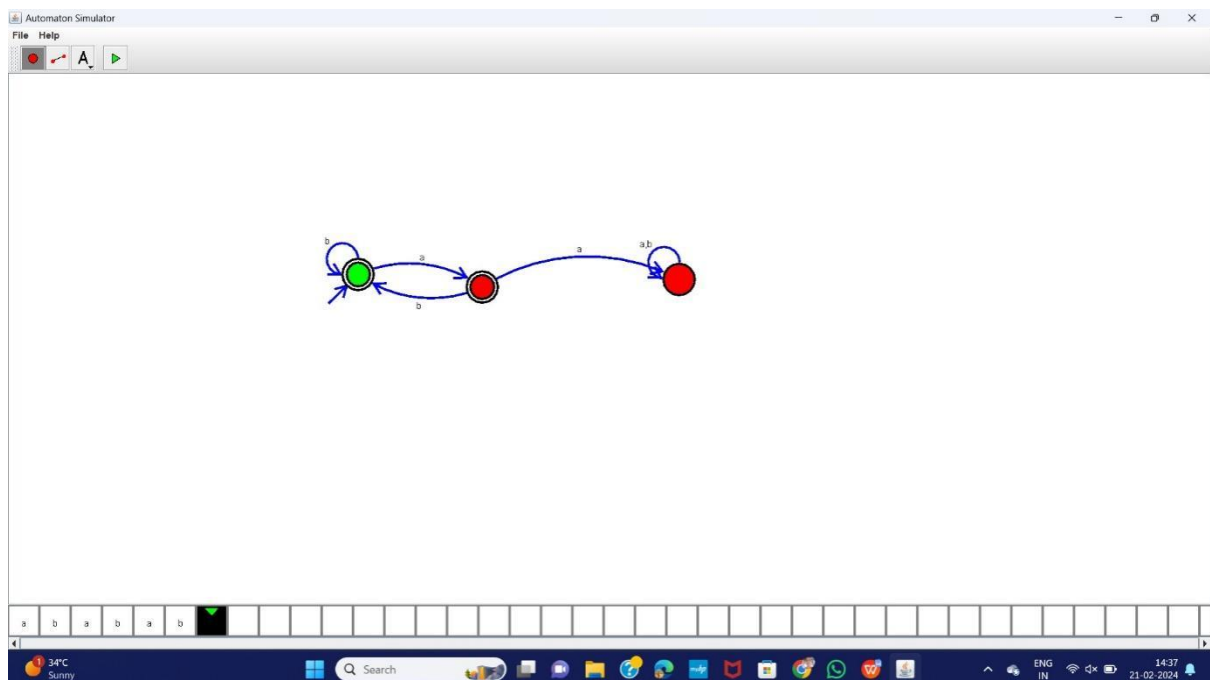

1.2 Construct a DFA binary strings having even no of 0's and even no of 1's

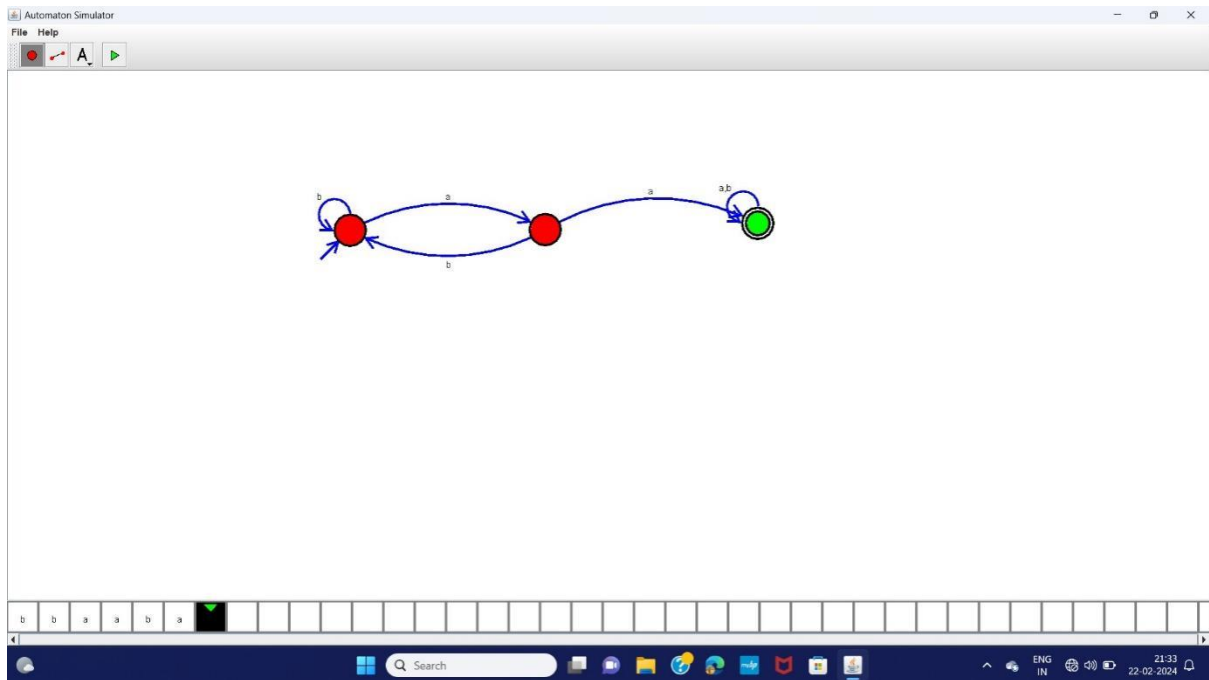

1.3 Construct a DFA Binary strings having the substring 101

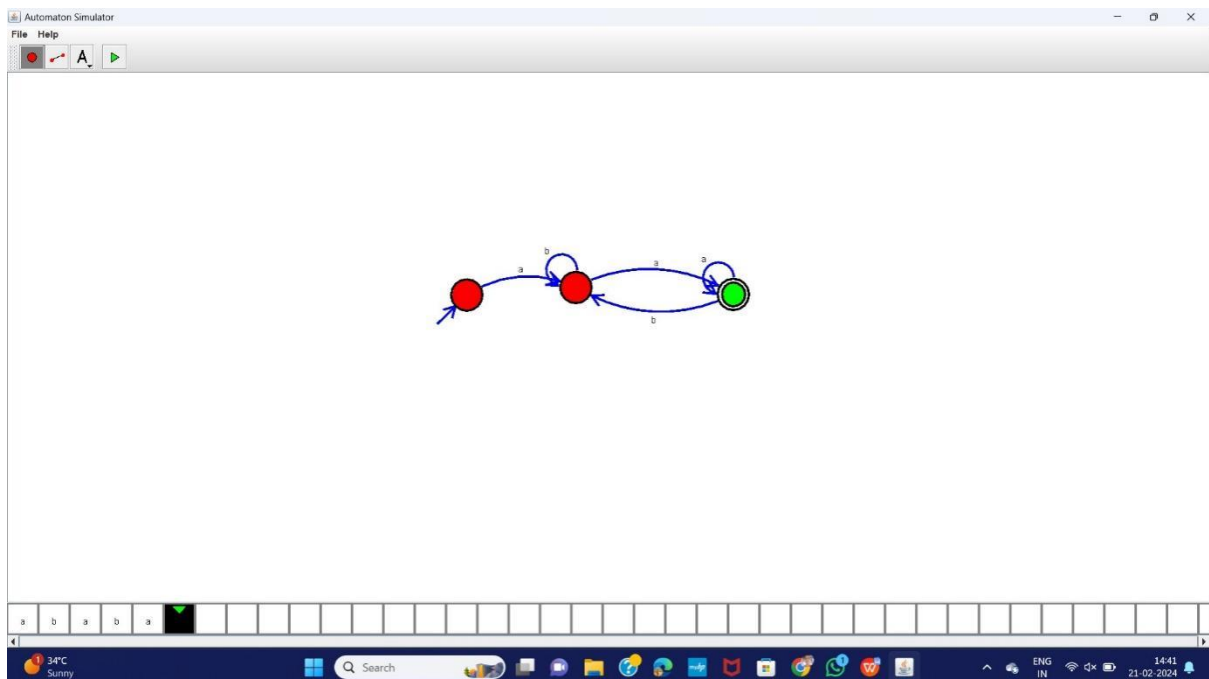

1.4 Binary strings having no consecutive 0's

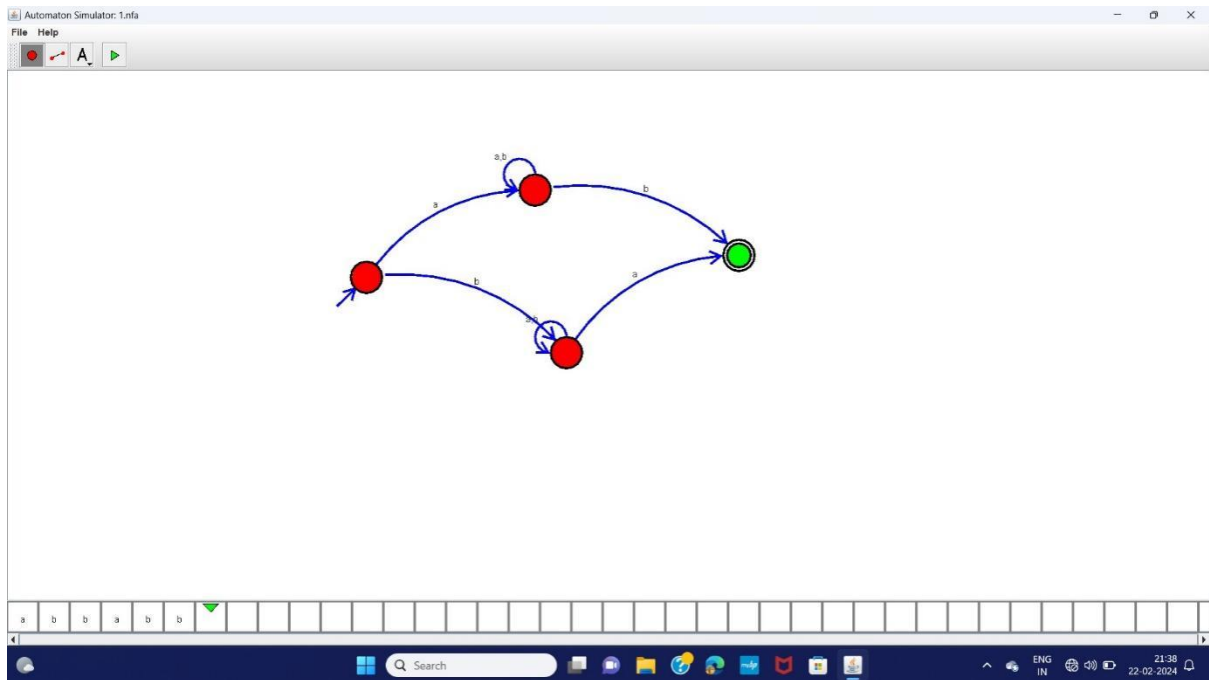

2.1 Construct NFA Binary strings having 00 as a substring

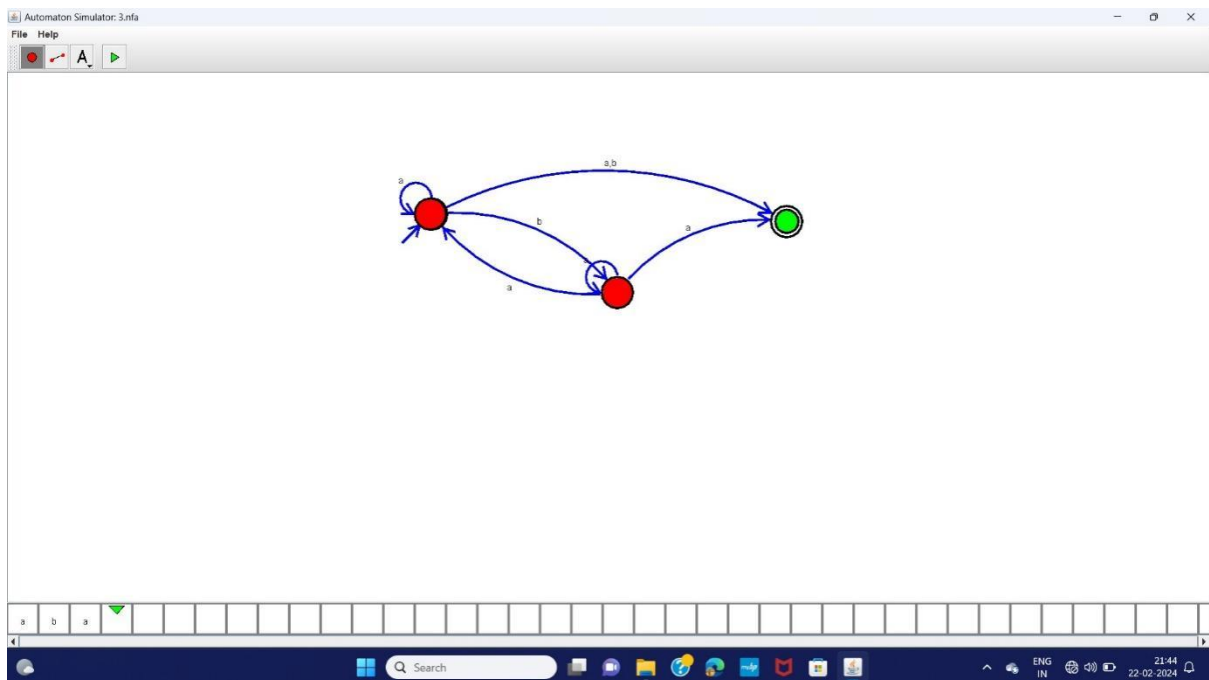

2.2 Construct a NFA Binary strings that start and end with 0

2.3 Construct a NFA Binary strings that start and end with different digits

3. Construct an NFA without ϵ -moves equivalent to the NFA with ϵ -moves given below:

4. Construct a DFA equivalent to the NFA with ϵ -moves given below:
